This is the Vanity Box experience. Welcome!

BESPOKE FACIALS

Welcome to our range of Vanity Box Bespoke Facials.

No single skincare product can meet all of your skincare needs, which is why, when you come to Vanity Box, Suzey will create a bespoke facial treatment that brings together the benefits of a combination of products.

We use a range of medical grade and organic facial skincare products made from a range of ingredients, from plant extracts and antioxidants to AHA and BHA acids. Each of these products has been designed to tackle specific skin concerns, as well as to boost your overall skin health, and can be layered with other facial products for maximum effectiveness and absorption.

Our intense rejuvenating, restorative and relaxing facials can dramatically improve the appearance of hyperpigmentation, acne, fine lines and wrinkles, redness and dryness. We have facial products for preventative treatment, for sensitive skin and to reverse some of the effects of sun damage. Even if your skin is in great health, a facial can give it a lovely, nourishing boost to keep it looking and feeling incredible.

If you are after some skincare advice or want your own bespoke home skincare regime, book in for one of our professional skin consultations.

DERMAFRAC FACIAL

ALLOW 60 MINUTES

FULL FACE - \$230

FULL FACE AND NECK - \$260

PEPTIDE MASK INFUSION - \$60

FOR A COURSE OF SIX CONSECUTIVE FACIALS - \$1150

DermaFrac is a microdermabrasion, skin needling, hyaluronic acid infusion, and LED treatment all rolled into one! Yes, it is as amazing as it sounds! Vanity Box Beauty Ateliers is VERY excited to be offering this cutting-edge treatment.

The treatment starts with a light microdermabrasion to slough off dead skin cells which gives the skin a fresh, bright look. Then, using the DermaFrac, thousands of micro-channels are created on the surface of the skin, which allows skin-type specific topical products to be infused into the epidermal and dermal layers of the skin.

Why is this so effective? The needles are able to reach a deeper layer of tissue where major change is able to take place. Reaching this deeper level of tissue, amazing results are achieved in minimizing fine lines and wrinkles, reducing photo-damage and hyperpigmentation, diminishing scar tissue (acne or other), and adding moisture to dry and dehydrated skin.

To end the treatment, your skin is treated with Red LED Light Therapy to soothe and speed up the healing process. Expect to feel minimal discomfort and no downtime after your treatment, too! For optimal results, it is recommended to get one treatment per month for six weeks.

DermaFrac™ can infuse:

- Anti-aging peptides to stimulate collagen and elastin production
- Skin lighteners used to reduce melasma, hyperpigmentation, and sun damage
- Hyaluronic acid to hydrate and plump the skin
- Acne treatments to reduce oil and congestion in the skin.

Benefits include tighter, more firm skin. The needles create micro-wounds on the skin which triggers the body's natural healing response. This means our skin naturally starts to plump due to our body producing collagen and elastin.

SPECIAL THERAPIES

REMODELLING PEELS

ALLOW 30 MINUTES - \$110

FOR A COURSE OF NINE CONSECUTIVE PEELS - \$880

A range of remodelling peels are available to treat a wide range of concerns. Customised to your individual skin condition and type. Vanity Box peels address acne, congestion, dull, poorly textured skin, melasma, pigmentation, pores, scarring, and sun damage.

DERMAPLANING

WITH LEAVE-ON HYDRATING MASK

ALLOW 60 MINUTES - \$130

WITH HYDRATING MASK AND BOOSTER OR PEEL

ALLOW 75 MINUTES - \$195

Dermaplaning is a painless procedure where dead skin cells are manually scraped away. It increases cellular turnover, smooths and softens skin, and provides immediate results with no downtime. The exfoliating procedure removes 2-3 weeks' worth of dead skin cells. Dermaplaning is suitable for most skin types and additionally removes fine vellus hair from the face. This excess fluffy hair traps oil and dirt, leading to problems such as congestion, dull complexion, and enlarged pores. Once the dirt, oil, and dead skin are removed, facial products are much more effective as they penetrate easier.

BROWS & LASHES

LASH LIFT

WITH TINT - \$120

WITHOUT TINT - \$110

The Lash Lift provides natural to dramatically curled natural lashes using silicone moulds lasting 6-8 weeks. In just 45-60 minutes, we are able to give your lashes a Lift that's from the root of your lashes, creating a lengthening and opening effect on the eyes.

BROW LAMINATION

Lamination is an excellent way of taming and styling your brows, so they remain in a nice, well-behaved way. The brow lamination process involves relaxing and straightening the brow hair, then styling them in a variety of different ways to give you the outcome you want. That might be straight, sleek, fluffy or arched. And hallelujah, they'll stay that way.
